FLY AT A NEW LEVEL FLY BALLOONS FROM THE HEART OF EUROPE!

Kubicek Balloons is the largest balloon and airship manufacturer east of the Rhine. Our experienced team has been working in ballooning since 1983. Our company is managed according to European standards, we have been awarded a JAR 21 certificate. We are supported by world-famous balloon experts and network of dealers selling balloons to almost all European countries where our Type Certificate is valid including Germany, Austria, Switzerland.

Kubicek Balloons offers complete ready-to-fly systems for private, sponsored and passenger carrying operations. We have built an international reputation as a manufacturer of special shaped balloons and we have utilised renowned Czech talent for creative arts in making airbrushed artworks on balloons.

The quality of Kubicek balloons is demonstrated by the following international successes: The World Championship winning balloon, Altitude Record balloon, expedition balloon on both the South and North Pole, successful AV type hot-air airship projects.

Our sales strategy is quality products and high-level of customer care at a good price.
